

SCHOOLTV.com presents a special offer from

Soundzabound™

"cuz music is everywhere!"

Soundzabound™ Volume III (3 CDs) **and Soundzabound™** Volume IV (3 CDs)
- the two latest Soundzabound™ collections – for only \$179 + \$8 shipping and handling

SCHOOLTV.com is pleased to present this special discount offer! (Regular price is \$99 for each volume.) The **Soundzabound™** Music Library has been created specifically for schools. **Soundzabound™** music is made to provide the soundtrack for you news shows, video/media projects, and orientation tapes. Schools around the country enjoy the quality and variety offered by **Soundzabound™**. Never worry about copyright infringement again. This music library gives you the great royalty-free music you need for your videotapes, multimedia projects and school events. NOT your average music library, **Soundzabound™** has tunes that ROCK when you want them to!

Your SCHOOLTV.com collection includes the following Soundzabound™ CDs:

Soundzabound™ Volume III

Disc one: one full CD of music from the 1900's to the 2000's. This CD has everything on it from your favorite recent styles to stylistic pop favorites spanning the century. This CD is sure to make your presentations Rock, Dance, Rap, Blues, Swing or whatever you want them to do!

Disc two: Game show, TV, movie, cartoon themes and the best "SPORTS JAM" music you've ever heard. This CD also includes loops and stingers that are perfect as short transitional elements for videos and PowerPoint™.

Disc three: A great assortment of sound effects that your students will use again and again. We even included the kitchen sink!

Soundzabound™ Volume IV

Disc one: Up-tempo music. These rockin' tunes will give your projects the "bang" you're looking for, and your students are guaranteed to love them. No elevator music here, the jams are hot, fresh, kickin', and sometimes, even "in your face" slammin'!

Disc two: Mid-tempo music. Solid, steady tunes that will compliment any multimedia project without overpowering your production. These high quality pieces will provide any production the "lift" that you need.

Disc three: Low-tempo music. Perfect for when you want to slow things down, these pieces can evoke numerous emotions. Whether you want to make your viewers solemn, happy, or nostalgic, this disc will definitely fit the bill.

You can listen to samples at the Soundzabound web-site <http://www.soundzabound.com>.
